Potential Hazards

- Eye injury from molten solder or cut leads
- Cuts from contact with cutting tools
- Burns from hot tools

Procedure Checklist

Operation:

- Turn on power.
- Adjust temperature for tool being used and power off individual tools not being used.
- Power off when task complete.

Do's and Don'ts

Do:

- Always work from a schematic.
- Take the time to properly lay-out your work.
- Use “helping hands” to hold work.
- Use care handling irons.
- Use stands to rest irons.

Don't

- Do not use the solder system without approval!
- Do not place hot iron on bench top.
